INTRODUCTION :

Vasundhara Technical Institute has been committed to "EDUCATION IS LIFE". The Society was established in the year 1998, in Maharashtra State, under the visionary leadership of Dr. Harish S. Baheti and Mrs. Dr. Saroj H. Baheti with intention to deliver social through various projects viz. literacy programs, health care programs and education including technical, paramedical and professional courses, at the lowest cost affordable by the students and people of the socio-economically and financially backward region of Maharashtra.

Vasundhara Technical Institute is a Registered Trust under the Societies Registration Act 1860 and under Bombay Public Trust Act 1950.

The society also resumes its concern towards imparting best education comprising intellectual and physical needs of the students and thus preparing them to face the challenges of the modern ever – changing world.

Society growth has been phenomenal, considering the facts that it started with the modest strength of only few students pursuing a single course. It has grown steadily and today boasts of high – quality institutions pursuing multi-disciplinary programs viz....

- ◆ Maa Ganga College of Nursing (B.Sc. Nursing)
- ◆ Maa Ganga College of Nursing (Post Basic B.Sc. Nursing)
- ◆ Maa Ganga Nursing School (G.N.M.)
- ◆ Maa Ganga Nursing School (A.N.M.)
- ◆ Patient Assistant under YCMOU, Nashik
- ◆ CHBHC under IGNOU
- ◆ CMCHN under IGNOU
- ◆ CNIN under IGNOU

Our objective has been towards providing professional and technical education in rural and remote areas. The Society right from beginning working for the upliftment and betterment of the poor and needy run by the qualified and committed persons.

VISION:

To establish a center of excellence for imparting hospital relevant education to produce professionals fully equipped with skill to accomplish the objective entrusted upon them.

MISSION:

Imparting quality education and training under one roof and creating prospective competitive and dedicated team members & ambassadors for health-status of the nations.

PHILOSOPHY :

We realize that education is fundamental for the complete development of individuals. As a premier teaching institute we endeavor to harness this inherent potential through meeting the growing needs of higher education.

As we grow we will expand into new technologies, methodologies, discipline, resources and ever attitudes. Society believes in all round development of the students health care managements.

We believe that Nursing graduates of this institute will achieve highest professional growth and development and contribute in upgrading the profession.

AIMS:

The college aims to prepare nurse graduates.

- ◆ To assume responsibilities as professional competent nurse and midwife in providing holistic care.
- ◆ To assume role of care provider, manager, supervisor, teacher, researcher in different health care set up.

OBJECTIVES:

On completion of four years degree course in Nursing a graduate nurse will be able to:

- ◆ Provide comprehensive Nursing care to people in hospital, community and other health care settings.
- ◆ Contribute as an effective member of health team in promotive, Preventive, Curative and Rehabilitative Health Care activities.
- ◆ Provide nursing care based on steps of nursing process in collaboration with the individuals and groups.
- ◆ Utilize the latest trends and technology in providing health care.
- ◆ Practice within the frame work of code of ethics and professional conduct and acceptable standards of practice within the legal boundaries.
- ◆ Involve herself / himself in development activities including research which will enable her in personal and professional excellence.

- ◆ Demonstrate skills in teaching to individuals and groups in clinical / community health settings.
- ◆ Participate effectively as members of the health team in health care delivery system.
- ◆ Demonstrate awareness, interest and contribute toward, advancement of self and of the profession.
- ◆ Contribute towards the growth and development of health care at National and Global levels.

FACILITIES:

CAMPUS AND ADMINISTRATIVE BLOCK:
